

CIO NORDICS

16TH APRIL 2024 | **STOCKHOLM** | GRAND HOTEL

POST EVENT REPORT

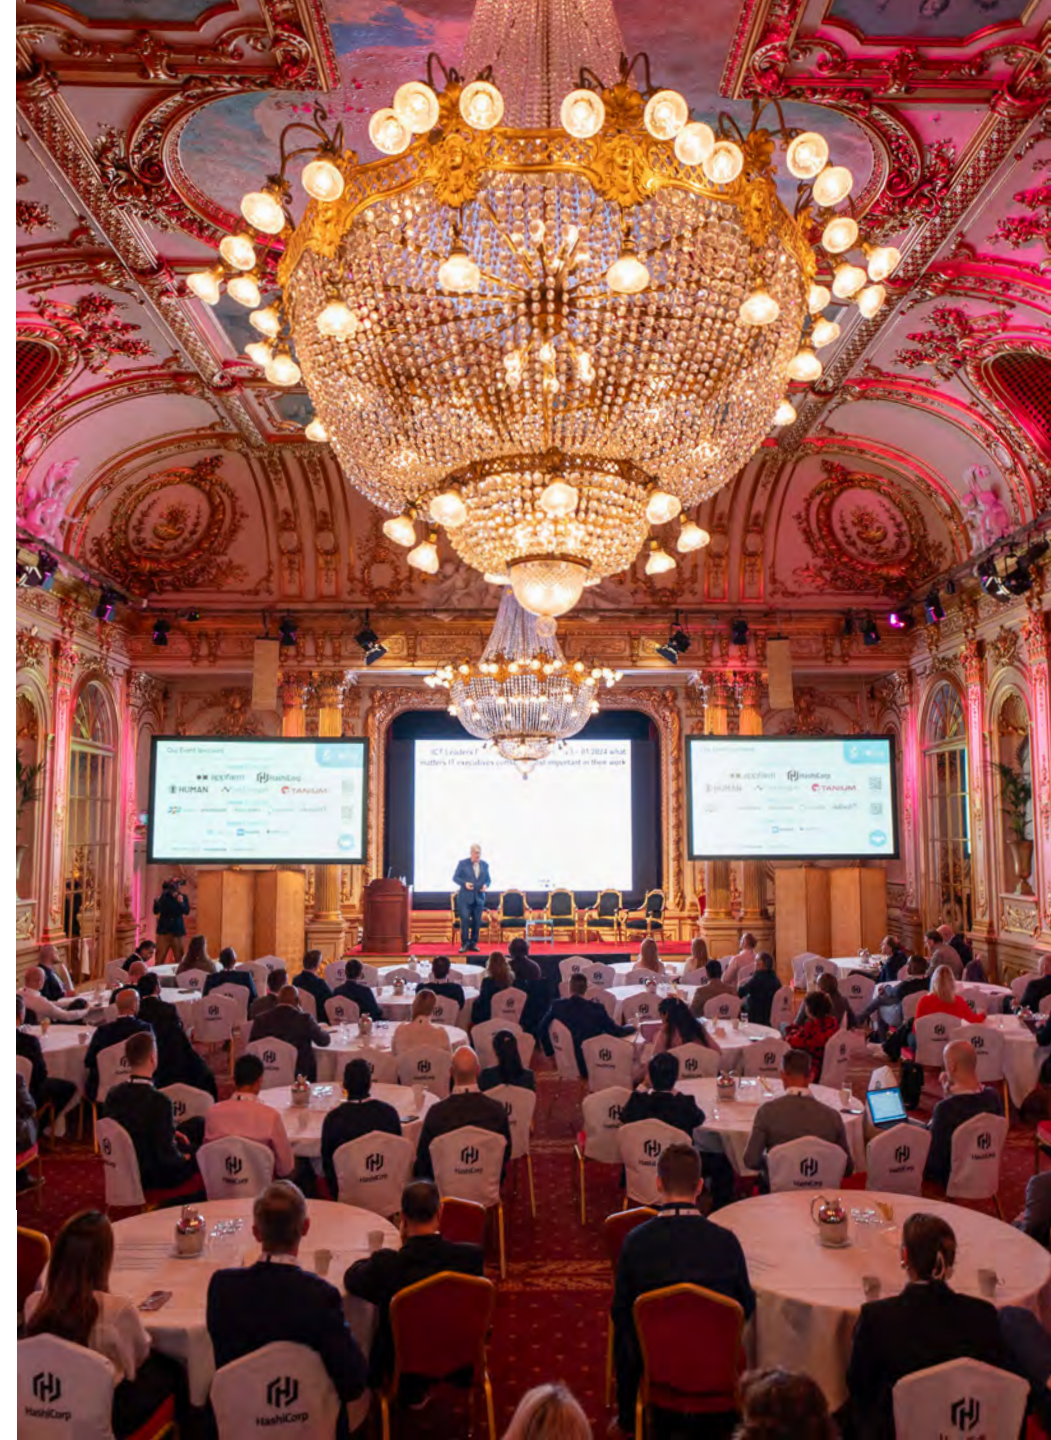

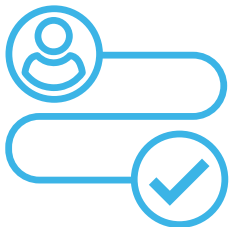

EVENT SUMMARY

The industry led event brought together a diverse group of IT professionals from various industries including manufacturing, construction retail, healthcare, financial services and education across the Nordic region. CIO Nordics are very proud to be affiliated with ILF (ICT Leaders Finland), an independent association of CIOs, not committed to any specific framework, model, or method and nonprofit in nature. Out of ILF's 14 board members, 11 have worked or currently work as CIOs. ILF is a member of the Finnish Information Processing Association. With expertise, neutrality, and independence, ILF is a natural partner for conduct research with CIO Nordics.

The purpose of the event was to provide a platform for IT leaders to engage in peer-to-peer learning and networking, share best practices, and gain valuable insights to drive innovation and growth within their organisations.

The event featured keynote speakers, panel discussions, and networking opportunities, allowing attendees to gain valuable connections and stay informed about the latest industry developments. The event dived into pressing topics within the Nordic region including digital transformation strategies and the role of IT in driving business success, sustainability within manufacturing, talent retention, generativeAI, cybersecurity and innovation.

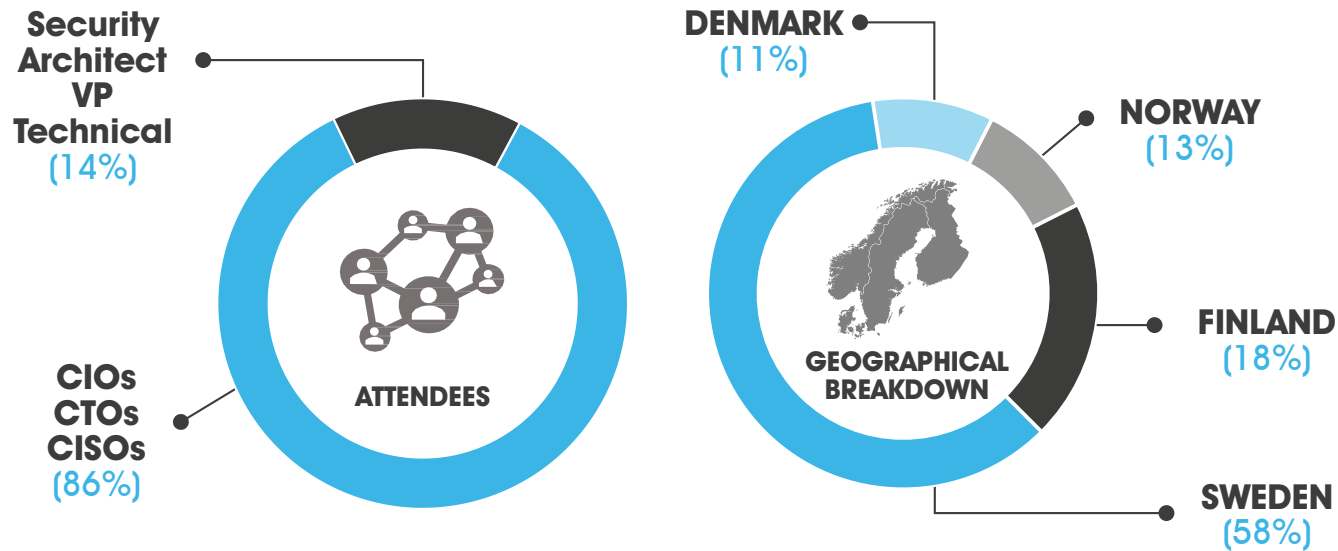

ATTENDANCE

CIO Nordics drew a diverse and engaged group of IT professionals from various industries and sectors across the Nordic region. In total, the event hosted 187 attendees, including CIOs, CISOs, CTOs, IT Directors, Head of digital transformation, security architects and software developers.

The majority of attendees represented the manufacturing, healthcare, retail and financial services industries, with a representation from other industries including energy, education telecoms and construction.

Honorary Chairman, ICT Leaders Finland

'What an amazing event it was!
Regional Sales Manager, Lakeside Software

'A fantastic event full of valuable insights and connections!
CIO, Aidian

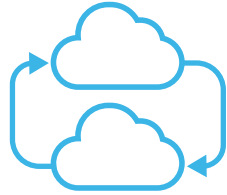

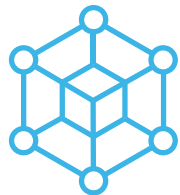

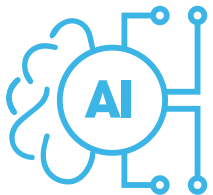

EVENT HIGHLIGHTS

At CIO Nordics, there were many topics discussed by industry leading thought leaders from many industries. Topics throughout the event included cybersecurity, generativeAI, innovation, talent retention and sustainability.

"Beyond the Checkbox: Building a Robust Cybersecurity Posture", 'Preparing for The Most Important Shift in Cybersecurity in a Generation', 'Unleashing the power of no-code in the enterprise', 'How to Scale Your Cloud Operating Model with a Platform Team', 'How can we manage IT in the current economic and political climate?' were all thought provoking keynote presentations discussed over the course of the day.

Our industry led panels looked at retaining talent, sustainability within the manufacturing sector, how cloud and AI changes the company posture towards cybersecurity and looking at how integrating physical stores with e-commerce and omni-channel retail can impact tech and service resilience within the retail industry.

SPONSORSHIP

Thank you to all of our 2024 sponsors...
